## **EPROW IMAGES: A HAVEN FOR INNOVATIVE THINKING**

Los Angeles, CA... Creative people, innovators, have always needed a safe haven. Left brainers have sought ways to strengthen their sixth sense.

With the recent launch of EPROW Images, [www.eprowimages.com](http://www.eprowimages.com), a haven for innovative thinking now exists in the virtual world, ready for access 24/7.

EPROW Images has a service for whatever the creative need is. Those who seek clarification will use EPROW's *GAZOOGO*. *STRATEGO* deals with action plans, *OPINEGO* with filling learning gaps, *SAGITUR* with executing a project. *PAPPY* focuses on pitching a problem, plan, preparation, project or partnership.

EPROW Images clients take charge of their futures, defining the path they want to follow, maintaining full ownership of everything they create.

Innovators such as entrepreneurs, inventors, artists, photographers and writers are typical clients of EPROW Images.
